Beast 1333 - Wheel of the Year lyrics

[Verse 1: Beast 1333]

The Year is Split into a shifting Wheel
Nature Worship
Changing of the Seasons
Equinox and solstice Celebrations
Pagan Heathens
The Sabbat's yo theres eight of Them
And Split up into Festivals
Mabon's the Autumn Equinox
And Harvesting of Vegetables
At sundown October 31st
We enter Samhain
Where the veil of this world
And Afterlife
Is at its thinnest tearing Seam
Paying our Respects
To family members, elders, friends that Crossed
Spirits are invited to attend
Transcend at any Cost
Yule to many Covens
Known as Newborn Solstice of the Sun
On December 25th
Is when the Celebrations done
Candlemas, Imbolc
The festivals of Fire
Dianic wiccans
Rededication, Initiation Spire
Rejoin the Mother Goddess
And her lover consort Son
Vernal equinox is Ostara
On March the 21

Bonfire greater Sabbat
Beltane in May's Next
Goddess of Fertility
And Horned God have Great Sex
Midsummer Solar Sabbat
Sun is Shining longer Damn It
June 19 to 23
Litha light the Planet
Breaking bread the figure of God
To after eat It
Call it August Eve
Circle the cycle then back repeat It
Its a feast of Thanksgiving and Grain
To end the Kalend
Midpoints surrounding Quarter Days
Remains the Challenge
29 days after the Equinox
Come the Moon Full
Astronomical Events
Ingested by the Spoonful
[Hook: Beast 1333]
The Wheel Slowly Turns
Seasons Come and Go
Natural Revolution
Cycles Ebb and Flow
Without a Beginning
And Never Will it End
The Wheel of the Year
Turns Again and Again
(x2)
[Verse 2: Beast 1333]
Late in June Kupala
Full immersion water Bathing
A night of mischief
And good humor and Misbehaving
As they practice Magick
Gardnerian Alexandrians
Equatorial Problems
For the Practicing Wicca Zambians
Depiction of the Triple Goddess
Triple Moon, Triquetra
Virgin Goddess, Mother Goddess, Older Crone etc
Harm none and do what Thou Wilt
Remains the Principle

Manifestation, Polarization
After that Invincible
Vegetative Deities
Adorned in Leaves its Greenman
Carvings of Him
In the Cathedrals of Modern Greenland
Macro, micro Cosmic
Existing at all Levels
Modern Scholarship
For disproving the Roman Devils
Its a witch Cult
Pillar the Boatman his names Cernunnos
Cross Legged
Seeking out humans to use as new Host
Left hand path is Malevolent
Right the Path to Light
Capable with Manipulations
Of Powers of the Night
5 elements of the Pentacles
Points and Pentagram
Sex Magick, Cauldrons and Candles
Incense and Hexagrams
Chalices and Wands
Ritualistic Knives that are called Athames
Magical Tools
That are charged by the Moon
And Pa**ed through Flame
[Hook 2x]
[Verse 3: Beast 1333]
Here me now I call thee Forth
East, south, west and North
Great Rite
Dropping the Robe
For Sexual Intercourse
Secret Hidden Grimoires
Surrounding it's a Flock of Sparrows
Human Skin
Was used as the Binding
In all the Books of Shadows
Hollywood depict the Craft
And Television show is Charmed

Mind ye the Threefold Law
To veer away from Harm
Those persecuted as witches
Were Burned alive
They pa**ed the witchcraft Act
It was 1735
Some hidden Pockets Survived
13 of them by Tradition
After spirit Boards
Catching a glimpse of an Apparition
Clan of Tubal Cain
His wife Jane
His name was Roy Bowers
Last Grand Master of Staffordshire
That pa**ed him Power
Burnham Beach in South Downs
And flats in Brighton down town
Glastonbury coven is Ancient
And chant in Brown Gowns
They Luminous and Honor
The Seven Sacred Directions
Monthly rituals the Esbats
Candles provide Protection

Magical Image to Cruise the Inner Planes
Galacticly Aligned
Through the Navigation from Inner Brain
